

Regional Transportation Plan Southwest Oklahoma Moving People and Goods

Imagine the year 2043 - what will southwest Oklahoma look like? How will we get around? What transportation choices will be available for the next generation?

The Southwest Oklahoma Regional Transportation Planning Organization (SORTPO) is developing the regional transportation plan (RTP), this plan addresses future road, transit, freight, bicycle and pedestrian needs for the region. Because these are your needs and because this plan will directly impact you and shape your quality of life, we want to hear your perspective and opinions on vital transportation issues in the region.

This short survey should only take about 5 minutes to complete and will be used to help guide transportation in southwest Oklahoma. We thank you for assisting us with identifying these issues.

Please send completed surveys by mail: Julie Sanders, Director of Transportation PO Box 569, Burns Flat, OK 73624. Surveys may also be completed by visiting <https://www.surveymonkey.com/r/6VV9GTL>.
